Beef Genetics
33 Years of Balanced Genetics

We have been Fink customers for over 20 years, buying only Fink ET full-brother bulls to add **uniformity to our herd**. The Fink **guarantee is second to none**. The Fink's have always been **industry leaders in customer service**. Commercial rep, Barrett Broadie, has marketed our cattle through Superior Livestock for 10 years. Galen has brought buyers to purchase our cattle. We are long-time satisfied customers. The **cattle work, and the Fink's word is good as gold!** The last 2 years our cattle have averaged approximately **50% CAB[®] and 7-16% Prime**. Conversion has been great. We have always bought **'balanced trait' bulls, never selecting for extremes**. We enjoy a high demand for our females.
